Dear Internship Coordinator,

When I discovered that you are hiring Internship Candidates for Staff India, I was immediately drawn to the opportunity to join an innovative organization. I am excited by the chance to gain work experience by this company. As a last semester student majoring in CSE at North East University Bangladesh, I am passionate about outsourcing. My coding and developing skills as php, html, css, javascript make me a well-qualified applicant for this position.

I am excited by the chance to contribute to your organization and am prepared to engage in continuous learning. As described by the internship description, I would enjoy the internship with Staff India.

My enclosed resume expands on my coursework. As I prepare for an exciting outsourcing career, I am eager to gain a more detailed understanding of the field by collaborating with an experienced team. Thank you for your time and consideration. I look forward to hearing from you soon.

Sincerely,

Fahmida Khurasani Jui
