RESEARCH INTERESTS

· Biostatistics - Chronic and Infectious Diseases Epidemiology – Economic Research - Public Health - Nutritional Requirements of Children – Child disease and Child Mortality – Machine Learning – Big Data

TECHNICAL STRENGTHS

Operating Systems Office Packages Graphics Software Programming Language Statistical Software	Windows, Unix Latex, MS Office (Word, Excel, PowerPoint etc) Adobe Photoshop C, Python R, SAS, SPSS, STATA
--	--

HONORS AND AWARDS

- National Education Board Merit Scholarship in Secondary Level (2010-2011).
- National Education Board Merit Scholarship in Junior level (2008)
- National Education Board Merit Scholarship in primary level (2005)

COURSE-WORKS

· Biostatistics and Public Health · Applied Statistics · Econometrics and Economic Analysis · Epidemiology · Principles of Child Health Mortality · Advanced Topics on Design and

Analysis of Experiments · Statistical Modelling · Linear Programming · Multiple Regression Analysis in Public Health · Unit Operation in Data collection and analysis · Multivariate Analysis · Demographic Analysis · Time Series Analysis · Probability and Data Science · Statistical Programming · Machine Learning

WORKSHOP ATTENDED

- **International Workshop on Data Analysis using SPSS**
Organized by Department of Statistics, SUST
- **A workshop on generalized liner model**
Conducted by Dr. Rahmatullah Imon, Professor ,Dept. of Mathematical Science, Ball State University, USA
- **Workshop on Drama**
Organized by SHIKORH,SUST

EXTRACURRICULAR AND VOLUNTEER EXPERIENCE

- Participated in several community Science programs in Sylhet.
- Coordinated several cultural programs in Statistics Department, SUST.
- EC member of SHIKORH, SUST.
- General member of LOVE FOR SCIENCE,SUST.
- Regularly participated in several programs, e.g., International Mother Language Day, Bengali New Year, Independence Day, Victory Day etc.
