

# Md Sanaul Haque Sujan

**Nationality:** Bangladeshi **Date of birth:** 01/08/1994 **Place of birth:** Sirajganj

**Phone number:** (+880) 1864065538

**Email address:** [sanaul.sujan401@gmail.com](mailto:sanaul.sujan401@gmail.com)

**Home:** Salanga, 6762 Sirajganj (Bangladesh)

## ABOUT ME

A highly motivated professional who is determined to make the organization successful by being hardworking, honest and having a strong work ethic. I work well in fast-paced, collaborative environments and I am keen to use my multi-tasking skills to ensure that the company milestones and my personal development is met.

## WORK EXPERIENCE

**Fariha Knit Tex Ltd (Asrotex Group)** – Narayanganj, Bangladesh

### Textile production maintenance (Internship)

[ 01/09/2016 – 02/2017 ]

- Gained extensive practical skills in all knit garment operations, including the inspection of the fabric up to the final packing and cartoning.
- Obtained an understanding of the steps involved in the cutting procedure of knitwear, such as the spread of fabrics, the creation of patterns, and their use.
- Trained to compare garment sizes with specification sheets in order to maintain uniformity and fit.
- Learnt generic flaws and participated in root-cause analysis conferences with the production and sewing departments.
- Arranged the work on the preparation of sample orders, checking their implementation on behalf of several buyers.
- Learnt to monitor the progress of production, give regular status reports to the merchandisers and have proper documentation of the instructions given to look after the fabric.

**Bleckmann** – GENT, Belgium

### Warehouse order picker (Student Job)

[ 01/06/2021 – 30/06/2023 ]

**DSV - Global transport and Logistics** – GENT, Belgium

### Management assistant

[ 15/01/2024 – 30/11/2024 ]

- Daily task distribution and maximum optimisation of picking routes depending on the real-time volume of orders and priority.
- Conducting quality audits and cycle counts to verify the integrity of inventory and to reduce any discrepancies.
- Removing bottlenecks in operation and resolve staffing or equipment problems.
- Working with both inbound and outbound logistic teams to coordinate receiving, packing and shipping operations.

**CROP - Car Repair Online Products** – Rotterdam, Netherlands

### Management assistant

[ 01/07/2025 – 24/12/2025 ]

- Implemented electronic processing of the orders completely online, and the orders are correct and completed punctually in a time-sensitive setting.
- Proactively identified and addressed customer problems to do with orders.
- Having good problem-solving abilities to ensure high customer satisfaction.

- Handled several jobs at a time under general direction, putting more emphasis on order preparation when performing other dynamic duties.

## EDUCATION AND TRAINING

---

### Master of Science in Textile Engineering

**Ghent university** [ 01/09/2020 – 14/09/2023 ]

**City:** GENT | **Country:** Belgium | **Field(s) of study:** Textile Engineering | **Thesis:** Energy harvesting from electrostatic charges and triboelectric-based embroidery sensor.

**Primary Competency Areas:** Smart Textiles, Advanced Material Science, Technical Textiles and Industrial Management.

#### Key Qualifications

- Smart Textile Innovation: Developed self-powered embroidery sensors with Triboelectric Nanogenerators (TEENGs) to generate electric power through mechanical movements.
- Advanced Materials: Specialist level of knowledge of fiber physics, high-performance polymers and mechanical characteristics of complex textile structures.
- Process Engineering: Experienced in the manufacturing of yarns/fabrics, (bio)chemical treatment, functional finishing and automated confection equipment.
- Technical Design: Experienced in creating technical textiles to be used in the medical, automotive or protective field with CAD and control systems.
- Industrial Management: Applied supply chain logistics, quality management and innovation strategy in the world textile and clothing sector.
- R&D and Testing: Known in material characterization, sensor data acquisition and wearable electronics optimization of surface charge density.

#### Technical Skills

- Textile Tech: E-textiles, Energy Harvesting, Technical Textiles, Composite Structures.
- Production: Excellent understanding of Spinning, Weaving/Knitting, Dyeing, Finishing, and Quality Control.
- Analysis: Characterization of Material, Sensors validation, Data Analysis.

#### Publications

- [Embroidery Triboelectric Nanogenerator for Energy Harvesting](https://doi.org/10.3390/s24123782) DOI:10.3390/s24123782
- [Embroidery Triboelectric Nanogenerator](https://doi.org/10.3390/engproc2023052007) DOI:10.3390/engproc2023052007

### Bachelor of Science in Textile Engineering

**Textile Engineering College, Begumgonj** [ 01/04/2012 – 15/08/2016 ]

**City:** Noakhali | **Country:** Bangladesh | **Field(s) of study:** Garments Manufacturing | **Final grade:** 3.15 scale of 4.00 | **Thesis:** Performance analysis of Denim fabric and Garments by bleach wash comparatively with Tamarind wash - An Eco-Friendly Approach

- Studied science of clothing structure and material performance.
- Obtained practical knowledge in Textile Testing, Fabric Science, and Quality Assurance.
- Skilled in detecting the defects of yarn and fabric.
- Analysis skill of different types of fabric
- Knowledge of Dyeing & Printing development

### Higher Secondary Certificate

**Bogra Cantonment Public School & College** [ 01/07/2009 – 27/07/2011 ]

**City:** Bogra | **Country:** Bangladesh | **Final grade:** CGPA: 5.00 scale of 5.00

## LANGUAGE SKILLS

---

**Mother tongue(s):** Bengali

**Other language(s):**

**English**

**LISTENING C1 READING C1 WRITING C1**

**SPOKEN PRODUCTION B2 SPOKEN INTERACTION B2**

*Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user*

## **RELEVANT SKILLS**

---

### **Administrative & Organizational Skills**

- High levels of reliability and attention to detail in a fast-paced environment, hence making sure that all requests are done accurately and on time.
- Developed better organisational and prioritisation ability through effective management of a dynamic task list to meet important deadlines, hence replicating the need to multitask.
- Following established procedures and systems strictly, thus demonstrating the capability of ensuring compliance and consistency amid an operational environment.

### **Digital skills**

- Skilled in MS Office, Inkscape, Canva, and CLO3D for end-to-end digital creation.

### **Communication skills**

- Proactive professional, skilled in cross-functional communication, and coordination.
