

Dear Sir/Madam,

I am responding to your recent ad for a Web Designer. I feel that my educational and professional background in web development will prove beneficial to this position and enhance the Internet presence of your company.

With over one year experience in website design for various small and mid-sized companies, I feel confident that my abilities would prove an asset to your organization.

I have completed web development course from well-known institute [CodersTrust](#). Here I have learned HTML, HTML5, CSS, CSS3, Bootstrap, JavaScript, and JQuery & WordPress Themes Customization. They gave me project-based training. During the training period, I completed more than 20 projects.

To see my project:

<http://azharmasum.com/project/>:

I am proficient in the use of HTML, CSS, BootStrap, Javascript, JQuery and WordPress. I have extensive experience in working with Adobe Photoshop. I have used these tools to successfully build webpages .In addition, I have worked with freelancer for few project.

I will try to give my best effort to do my job perfectly. I look forward to speaking with you in more detail about my experience and qualifications. Hopefully you will give me a chance to prove my excellence.

Thank you for your consideration.

Sincerely,

Azhar Hussain
