

MD FAISAL ALAM

Software Developer

Profile

I am keen to launch my career in Computing specializing in Software Engineering from Asia Pacific University of Technology and Innovation located in Malaysia. I have acquired skills in Software Quality Assurance and Testing. I am skilled in multiple programming languages for various platforms like Android application and web-based development. I also have experience in cloud applications and multi-platform application development. I want to enhance my programming skills by working in a coding environment for a better experience.

Education

Dual B.Sc (hons) in Software Engineering, Asia Pacific University, Malaysia & Staffordshire University, UK

January 2016 – February 2019

Diploma in Computer Engineering (4 years), National Polytechnic College, Chittagong, Bangladesh.
