

Md. Saifur Rahman Nirob

FRONT-END DEVELOPER

CAREER OBJECTIVE

To be able to work for an encouraging and stable company that will assist me in developing, improving, and obtaining the necessary skills in order to become the best engineer possible.

EDUCATION

BACHELOR DEGREE

Bachelor of Science
In Computer Science
and Engineering
University of Chicago

TECHNICAL PROFICIENCIES:

JavaScript, JQuery, HTML, HTML5, CSS, CSS3, Web Programming Skills, E-Commerce, Teamwork, Verbal Communication, cross-browser compatibility, Web User Interface Design (UI), Security Principles, Object-Oriented Design, Web Services (REST/SOAP), Multimedia Content Development, API's

EXPERIENCE

SHAHRIAR SHUVO

Portfolio

This is a designer's portfolio site. It was developed as a client's demand. I had to create the full website with WordPress and then I had to use html, css and php to get the exact UI and the functionality that we were looking for.

MUSKEGON ENVIRONMENTAL RESEARCH AND EDUCATION SOCIETY (MERES)

Non-profit

The website of the MERES was a great project to me because of their noble plan. This is an American organization who looks after a popular lake to keep its natural views. Here, in this project I have to create the full User Interface with html and css. I also helped them with their business mail and subscription setup.
