EXPERIENCE

UX & UI designer

AppifyLab

Latif Monzil Road, Modina market, Sylhet

May 2019 - Present

From May 2019 I joined this company as a UX And UI designer. My job responsibilities are understanding client requirements, user research, making user flow and wireframe, sketching and visual design. Through this job I am learning many things by meeting with different clients, listening to their requirements and design their websites and apps. Here I complete several client projects.
