SUNIT SEN

Front-End Developer (MERN Stack)

📞 +8801799254130   @ sunitsen50@gmail.com   🔗 linkedin/in/sunit-sen/   📍 Sylhet, Bangladesh

SUMMARY

A dynamic and adaptable professional with a diverse background spanning roles in software sales, virtual assistance, and front-end development. Currently focused on building full-stack web applications using the MERN stack, I specialize in developing scalable, high-performance solutions. My technical expertise is reinforced by strong problem-solving skills, customer engagement experience, and a collaborative approach to teamwork. Passionate about leveraging technology to drive innovation, I thrive in fast-paced environments where I can contribute to impactful projects and deliver results that align with business objectives.
