B. Sc.	CSE	Institute of Science, Trade & Technology, Dhaka	Appeared	2018
HSC	Science	Shaheed Ramiz Uddin Cantonment College	CGPA: 4.10 Out of 5.00	2012
SSC	Science	United Islamia Govt. High School	CGPA: 4.69 Out of 5.00	2009

PROJECTS

Roomtouch — *Discover Your Perfect Property*

It is a website where property owner can index their property like apartment, condominium and other properties. And various customer can buy the property for ever or they can hire it to live. The owner of the roomtouch wants to solve the problem of foreigners to have a place to live when they travel to our country. So he decided to come up with a great idea to solve it. Responsibility: In this project, I had to help them with their prebuild website with full html, css and php support to recreate it. And I also integrated the payment method with this website.

Muskegon Environmental Research & Education Society (MERES)

The website of the MERES was a great project to me because of their noble plan. This is an American organization who looks after a popular lake to keep its natural views. Responsibility: In this project I have to create the full User Interface with html and css. I also helped them with their business mail and subscription setup.

Speaking: Medium

Kachei- Search nearest, find best.

This is a classified search engine. It was developed as my varsity project.

Responsibility: I had to create the full website with WordPress and then I had to use html, css and php to get the exact UI and the functionality that we were looking for.
