ABOUT ME

Frontend & WordPress Developer with experience in building and customizing ThemeForest-approved WordPress themes. Skilled in HTML5, CSS3, JavaScript, jQuery, Bootstrap 5, and PHP. Experienced in creating responsive, performance-optimized, and user-friendly websites with clean code and modern WordPress standards.

EDUCATION

Secondary School Certificate (SSC)

Government Technical School and College

2015 - 2016

Diploma in Engineering (CSE)

Government Technical School and College

2016 - 2020

WORK EXPERIENCE

RRDEVS (2024-Present)

WordPress Developer :

WordPress Developer with expertise in ThemeForest-standard theme development, WooCommerce integration, and advanced customization. Experienced with Elementor, Gutenberg, ACF, Custom Post Types (CPT), and theme options frameworks like Redux, Codestar, and Kirki Customizer.

Skilled in plugin integration, bug fixing, and SEO optimization, delivering high-performance, scalable, and user-focused websites with clean, maintainable code.

CodeNext IT Solution (2023-2024)

Font-end Developer :

Frontend Developer with strong expertise in HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, jQuery, and SCSS, with a proven ability to build modern, responsive, and visually appealing web interfaces. Experienced in converting Figma and PSD designs into pixel-perfect, cross-browser compatible websites that maintain design consistency across all devices and screen sizes. Skilled in creating clean, well-structured, and maintainable code following best practices and industry standards.
