CAREER OBJECTIVE

Passionate and detail-oriented Front-End Developer with expertise in building responsive, user-friendly, and pixel-perfect web interfaces using HTML, CSS, Tailwind CSS, React, and Sass. Skilled in creating scalable and modern web solutions with clean code, strong accessibility, and cross-browser compatibility. Eager to contribute to high-quality user experiences in a collaborative and forward-thinking development environment.

PROJECTS

- **University Project Management System** (*HTML, CSS, Bootstrap, PHP, JavaScript, SQL*)
Developed a platform to manage university projects and tasks, using an SQL database to store and track progress.
[GitHub Repository](#)
- **Home Service Platform** (*HTML, CSS, Tailwind CSS, React*)
Built a web app for hiring plumbers, electricians, and mechanics with a responsive UI and component-based architecture.
- **Personal Portfolio Website** (*HTML, Tailwind CSS, JavaScript*)
Created a responsive portfolio featuring sections like About Me, Resume, Blog, Services, Projects, and Contact.
[GitHub Repository](#) | [Live Link](#)
- **E-commerce Website** (*HTML, CSS, JavaScript*)
Developed a fully responsive e-commerce site for a seamless online shopping experience.
[GitHub Repository](#) | [Live Link](#)
- **Furniture Store Website** (*HTML, CSS, Bootstrap, JavaScript, PHP, SQL*)
Built a full-stack furniture e-commerce website with inventory management using SQL.
