Key Skills & Qualifications

❖ Understands new concepts easily – Quick learner.
❖ Ability to handle stress.
❖ Exceptional presentation and interpersonal skills.
❖ Able to work individual as well as in group.
❖ Excellent communication skills in written and verbal both.

Computer Literacy

- ❖ Operating System : Windows, Mac OS, Linux, Command Promote
- ❖ MS Office : MS Word, MS Excel, MS Power Point, MS Access, MS Outlook
- ❖ Database : MySQL
- ❖ Programming Language: C, C++, PHP, Python, Java, HTML, CSS, JavaScript

Academic Project

- ❖ Doctor's Appointment

This project is for the general people who are taking treatment from Doctors. They can easily find a doctor and book their schedule for personal meeting. They need not go to the Doctor's chamber for booking their ticket. They can easily book the ticket from online. They will also able to get chamber address, contact number and map facilities from the site. This will save the Time, Cost and Money of patient. After booking the ticket the patient will go to the chamber and served by the Doctor. Thus the system is a helpful source for both patient and Doctor.

- ❖ Online Medicare

It is a website that contains area-wise hospitals, diagnostic centers, ambulance services and blood donor information. Also it has the information of different doctors of different specialties and their chamber locations.

- ❖ Blood Donation Management System

The main aim of developing this system is to provide blood to the people who are in need of blood. Using this system user can search blood group available in the city and he can also get contact number of the donor.
