

28th February, 2019

The Manager,
Staff India, Sylhet.

Subject: **Application for the position of Internship.**

Dear Sir,

I am writing this in response to the advertisement published on 25th March, 2019 in The Thousand Careers to apply for the post of Internship.

I would like to grab the opportunity of working as an Internee of a dynamic team of this institution where I can make a significant contribution while developing my career. In this connection I would like to add that I am very interested and eager to build up my career. I am quite confident about my potentials to find myself capable of serving your institution with a great deal of responsibility and enthusiasm.

I hope to have the opportunity to personally discuss my potential contribution to your well renowned institution. Thank you for your time and consideration.

Sincerely Yours

(Mohammad Abu Taher)
