Dear sir,

I am pleased to be applying for the Web Designer position at TIMES. My extensive experience witdesigning and developing websites using PHP,HTML,CSS,BOOTSTRAP,JAVASCRIPT,JQERY,WORDPRESS,LARAVEL, matches well with your requirements. In addition, my background with working with 2-4 members has given me the skills to adjust to the changing dynamics and processes of those environments while meeting scheduled milestones and deliverables.

In my previous experience at Web developer, I developed psd to html project, blog site web development, laravel ecommerce site project, inventory management project using Raw php . I am a proven team player, which is another important requirement for this position.

Thank you for taking the time to review my credentials and accomplishments. I am very passionate about being a competent and contributing team player, and I hope to have the opportunity to discuss my examples in greater detail with you. I look forward to answering your questions and learning more about this position and your development teams.

Sincerely,

Charles Dazel
