MST JASMIN ARA MIM

Junior Web Developer

jasminaramim2005@gmail.com • +8801915996145 • GitHub • LinkedIn • Portfolio
Address: Mymansing, Bangladesh

Career Objective

Motivated web developer with a strong command of frontend technologies and foundational backend skills. I strive to build scalable, intuitive applications while actively contributing to collaborative development teams and pursuing ongoing professional growth.

Technical Skills

Programming Languages	:	JavaScript
Frontend	:	React.js, Firebase, Tailwind CSS, Bootstrap
Backend	:	Node.js, Express.js, JWT, MongoDB
Tools & Platforms	:	Git, GitHub, Figma, VsCode, Vercel, Netlify, Surge
Interpersonal Skills	:	Teamwork & Collaboration, Adaptability

Projects

RexAuction – Online Auction Platform (Group Project) • Live • GitHub-Client • GitHub-Server

A modern web application for hosting real-time product auctions, built with the MERN stack, Redux, and Socket.IO. The platform includes role-based dashboards and ensures secure transactions through SSLCOMMERZ payment gateway.

Features:

- Live auction system and real-time bid history.
- Intelligent auto-bid system for seamless bidding.
- Integrated SSLCOMMERZ payment gateway, chatbot assistant, and notification system.

My Contributions:

- Developed the chat system with real-time notifications using Socket.IO.
- Designed and implemented the "About Us" and "Blog" pages for enhanced user engagement.
- I Built auction creation features and user management functionalities, including role-based controls

Blood Donation– Blood Donation Website • Live • GitHub-Client • GitHub-Server

A platform that connects blood donors with recipients in need. Users can search for donors by blood group, district, and upazila, and contact them directly. Donors can register, manage their profiles, and update availability.

Features:

- Secure JWT authentication with role-based access control
- Donor registration, profile management, and real-time availability updates
- Advanced donor search by blood group, district, and upazila
- Clean and user-friendly interface for seamless user experience

Education

Diploma in Computer Science & Technology

Mymensingh, polytechnic institute   **Duration:** 2022 - Present

Languages

Native: Bangla • **Comfortable:** English
