Interested In: learning new methods, Journey.

About

I am a fresher developer in web development. I like to do new design and development of different applications. I have a positive attitude to work and learning new things. I believe in self-study and self-learning but I work with some groups also in different projects. I am continually learning new things and increasing my developing skills.

Education

Spring 2015 – Present : B.Sc. in C.S.E (6th semester) at Leading University.

2012 – 2014 : H.S.C at Blue Bird School & College, sylhet.

2006 – 2012 : S.S.C at Ali Amzad High School & college.

Experience

As a fresher developer I am not working with any company yet. But I make some projects myself by using my developing skill. You can see my works in my portfolio. But I have an experience as a leader of some group works.
